and distribution network for reducing technical losses and improving the quality of supply and also for incentivising reduction of cash losses through cash grants.

(vi) Emphasis on metering of feeders and supply to consumers for energy accounting and auditing for identifying location of high losses. vStringent legal provisions relating to theft of electricity.

(vti) Completing electrification of rural areas through the Rajiv Gandhi Grameen Vidyutikaran Yojana.

(viii) Implementation of energy conservation measures. Bureau of Energy Efficiency has been set up under the Energy Conservation Act.

Power projects by private and public sector companies

491. SHRI N.R. GOVINDARAJAR: Will the Minister of POWER be pleased to state:

(a) the details of proposals submitted by private and public sector companies for setting up of power projects in the country during the Tenth Five Year Plan period, State-wise;

(b) the number of units out of them cleared by Government so far; and

(c) the total number of power projects set up by private and public sector companies during this period along with total amount being invested for these proejcts?

THE MINISTER OF POWER (SHRI SUSHILKUMAR SHINDE): (a) and (b) Detailed Project Reports (DPRs) for 47 Nos. of Power projects with an aggregate installed capacity of 23636 MW were received in CEA for Techno-economic Clearance/Concurrence from the Private Sector & Public Sector Companies during 10th Plan Period (April 2002 to 15.2.2006). Out of these, 20 Nos. of Power Proejcts aggregating to a capacity of 7288 MW have been accorded Techno-Economic Clearance/Concurrence by CEA. The DPRs for the remaining 27 Nos. of power projects aggregating to a capacity of 16348 MW have been returned to the concerned project authorities for want of various essential inputs/clearances required for clearance/concurrence of CEA. Further, as per The Electricity Act 2003, Techno-Economic Clearance/Concurrence of Thermal Projects is not

required. Year-wise details of Hydro and Thermal Projects received in CEA, cleared by CEA and those returned to Project authorities in Private and Public Sector is given in the Staterrient-I and II (See below).

(c) 48 projects in public and private sector with a capacity of 13774 MW and an estimated expenditure of Rs. 59459.35 crore, has been added in the Tenth Plan upto 31.1.2006. The break-up is as under:

Type	No. of projects	MW	Estimated Expenditure (Rs. in crores)
Central Sector	14	8325	35826.52
State Sector	24	4070.64	19517.63
Private Sector	10	1378.8	4115.20
TOTAL	48	13774.44	59459.35

Outcome of the Energy Coordination Committee

492. SHRI RAMA MUNI REDDY SIRIGIREDDY: Will the Minister of POWER be pleased to state:

(a) whether it is a fact that recently a meeting of the Energy Coordination Committee was held to discuss issues, apart from deblocking private coal mines;

(b) the reforms that have been discussed in the power sector in the Energy Coordination Committee; and

(c) the status of the proposal to have an empowered group on the lines of VAT?

THE MINISTER OF POWER (SHRI SUSHILKUMAR SHINDE): (a) and (b) Yes, Sir. In the Coordination Committee meeting held recently
